Subject: Re: Next Steps Meeting after Sunnyside Letter

I am available all three of those days but only in the afternoon, not the morning. On the 10th it would have to be 1:30 pm or after.

Also, I could volunteer our conference room here at the Solicitor's Office in Lakewood if you would like to come out this way. -Ann

All – thank you all for your help in the drafting of the letter to Sunnyside Gold Company (SGC). We now need to discuss the various options with the pros/cons should Sunnyside choose not to participate. I would like to schedule a meeting with the 3 agencies and their respective legal counsels to discuss the various options for bringing SGC to the table and having them participate in the necessary investigations and feasibility studies for the Upper Animas watershed.

After the meeting, EPA will summarize the options and the pros/cons of each option and share with BLM and CDPHE for comment. EPA envisions that this summary will be useful for the internal discussions at each agency as to their preferred approach for working with SGC. Hopefully each agency will have the opportunity to discuss these options with their management before SGC submits their response to our letter – not that we will make any final decision on a forward path until SGC has responded but I know it will take time for move forward in unison.

The following are possible dates for us to meet. Please indicate your availability for each of these dates/times so that I can get a meeting scheduled **ASAP**.

- Monday, Dec. 8 – AM
- Monday, Dec. 8 – PM
- Tuesday, Dec. 9 – AM
- Tuesday, Dec. 9 - PM
- Wednesday, Dec. 10 – AM
- Wednesday, Dec. 10 – PM

I would like to plan on 2 hours but hopefully we can keep it closer to 90 minutes. Thank you.
